Mr. Heck,

Can you kindly provide any written plan, narrative, or map Rockland Electric may have provided the borough with for the road work, digging and removal of streets they are currently conducting in the Upper Ringwood area. As you know, the area has suffered from collapse and sinkholes, and the residents are concerned.

I called your office but your clerk did not have any information.

I left a message for your mayor.

I also spoke to your police department.

They had no information either.

I have been on hold with Rockland Electric for 21 minutes and as a volunteer, I have to get back to my paying work.

I would appreciate any courtesies you can extend.

Judith Sullivan
